

## CAMPSITE WARDEN COURSE

Managing big numbers of people to live on your farm is, to say the least, challenging. The Concordia Campsite Warden Course has been developed hand in hand with the needs of our growers to train staff to better manage an influx of seasonal employees living on your farm. From practical qualifications in managing fire extinguishers to training staff on how to handle difficult situations with conflict management skills, the Campsite Warden Course will help any employee make your campsite a safer more harmonious place to live.

### Who is it for?

Key staff who live on site.

### What's the aim of the course?

To give comprehensive training in all aspects of campsite management to make your campsite a safer and more harmonious place to live.

### What does the course cover?

- HSE Emergency First Aid
- Fire Warden including practical use of extinguishers
- Workshop to include:
  - basic food safety in communal areas
  - basic health and safety (trips and slips, paving and lighting in campsites)
  - security – cars and visitors
  - equality and diversity training
  - conflict management
  - daily/weekly/monthly checks

### Course qualifications:

- HSE Emergency First Aid Certificate
- Fire Warden Certificate
- Concordia Campsite Warden Certificate

### How long is the course?

- 2 days
- Cost £160 per person (courses are subject to demand in your area and a minimum course size applies)

### Our credentials as a training provider

We are keen to ensure that the majority of training enables the trainee to gain a nationally recognised qualification. We are proud to be accredited by the British Accreditation Council (BAC), and the Chartered Institute of Environmental Health (CIEH).

**“There was a good mix of training methods which really made me think how I could apply them myself to the workplace. It covered a variety of subjects from food safety to conflict management and the practical team exercises were good fun... In conclusion I learnt a lot of information and practical skills from a very well run course.”**
